

Involve your organization

Our mission is to provide information to the general public and to legal and fiscal advisors on planned giving in order to demystify this type of donation. We would like everyone to think of making a charitable donation when they are doing their financial, tax or estate planning.

Why participate in the **LEAVE A LEGACY™ Quebec** program?

1. A program at your service for the promotion of planned giving.
2. A unique source of information for its demystification.
3. A recognized voice which gives credibility to your programs.
4. A pool of resources to make ourselves heard in the media.

We provide for our partners

- **Adapted communication tools: brochures, promotional flyers, radio advertisements, print advertising (2019 action plan)** Please contact us for any assistance at info@unheritage.org
- The directory of organizations: it contains the complete contact information for the partner organizations, including the contact person for each organization.
- Activities to provide information and encourage networking

Each five years, *Leave a Legacy™ Québec* uses a major survey to measure the change in the knowledge and attitudes of the people of Quebec when it comes to planned gifts. [See the Press Release.](#)
